

How much is your home worth?

If you are thinking of selling your home, you'll need to know exactly what it is worth before putting it on the market. As a San Diego area real estate professional, I analyze home values and determine market prices every day. By comparing your home to recent sales and other, similar homes on the market I can quickly tell you what your home is worth. This analysis is known as "Comparative Market Analysis", or CMA. Just fill out the form to give me the information I need and I'll be glad to perform a CMA for your home and provide you the results for free.

Comparable Market Analysis (CMA)

- ✓ Property profile
- ✓ Neighborhood sales in the past 6 months
- ✓ Comparable price analysis of your home
- ✓ Price recommendation
- ✓ Seller home sale net sheet
